FREE ENERGY EFFICIENCY SUMMIT

Tuesday, Feb. 14th

Lewis & Clark Community College Campus

5800 Godfrey Rd. Godfrey, IL 62035

Learn to maximize energy efficiency for free with Lewis & Clark and Southwestern Illinois College Tuesday, February 14th.

Morning sessions from 8 a.m. – 1 p.m. on Lewis & Clark Community College's Godfrey campus will be geared toward executives, administrators and facilities personnel and will include a public discussion filled with strategies, technologies and funding mechanisms for increasing energy efficiency and cutting energy costs.

The morning will also include welcoming remarks from Alton Mayor Tom Hoechst, Lewis & Clark President Dale Chapman and Southwestern Illinois College Vice President Valerie Thaxton.

Representatives of the National Great Rivers Research and Education Center will be on hand to provide tours from 3 p.m. – 7 p.m. Trane Representatives will also be on hand to discuss the energy management systems in place in the award-winning and LEED designed sustainable building.

The evening will consist of energy efficiency sessions geared toward homeowners, which will not require event registration, will take place at the Costello Confluence Field Station from 3 p.m. – 5 p.m. and 5 p.m. – 7 p.m. on the evening of the 14th and at the Garden Room on Southwestern Illinois College's Belleville Campus on the evening of the 15th. Representatives from Ameren will be on hand to offer a seminar detailing how residential customers are billed for their energy. There will also be sessions detailing energy-saving weatherization techniques and information on incentive programs. This free workshop is made possible by through funding from the Illinois Green Economy Network and the Illinois Department of Commerce and Economic Opportunity.

REGISTRATION:

Please contact Ted Kratschmer, Lewis & Clark's Sustainability Coordinator at (618) 468-2874 or ekratschmer@lc.edu Please register by Friday February 10th
